

A COMPREHENSIVE APPROACH TO SCHOOL SAFETY

CRISIGO MOBILE APPLICATION

CrisisGo helps prepare those individuals that are responsible for others during a crisis. By taking Emergency Response Plans out of an organization's three-ring binder and putting them into the palm of the hands of those who need it most.

MOTOROLA SOLUTIONS ANDROID DEVICES

EVOLVE LTE HANDHELD

Evolve combines the data capabilities of an Android device with the ruggedness and reliability of a business-critical push-to-talk device. A CBRS-ready LTE handheld built for business, it is ready to evolve with your changing network needs.

MOTOTRBO ION SMART RADIO

Your business runs on voice and data. But if your devices can only access one, you're not running at your best. The rugged MOTOTRBO Ion smart radio is the first business-ready communication device with all-on voice and broadband data capabilities.

CRISISGO CAPABILITIES

COVER THE FULL SCOPE OF SAFETY

Prevent, prepare for, respond to, and recover from any emergency.

USE CASES

ARMED STUDENT

An armed student is seen approaching the school from the parking lot by the school security team. In response to the situation, the school security officer is able to lock down the facility using CrisisGo on their MOTOTRBO Ion.

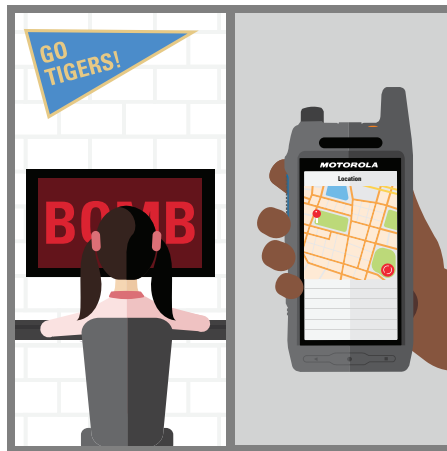

REAL-TIME COMMUNICATION

Multi-tiered communication to reach the right people with the right information.

BOMB THREAT

A student sent a tip reporting a social media post that indicates a bomb will be placed within a school in a few days. A safety team member creates a two-way chat room with the reporting student to gather more information and relay information to other safety team members, using their Evolve handheld devices.

CREATE A SAFETY NETWORK

Connect your schools and first responders for greater support during a crisis.

SCHOOL BUS CRASH

On the way to school, a school bus is involved in an accident leaving five students injured. Equipped with a MOTOTRBO Ion and the CrisisGo app, the bus driver communicates instantly over voice with the safety team and uses the CrisisGo app to confirm the students onboard and those injured.
