EVIDENCE

The extreme volume, variety and velocity of digital content generated by the community, businesses, and even officers themselves has placed a heavy burden on law enforcement. When media becomes evidentiary, CommandCentral Evidence provides the tools you need to centralize information, build a complete case, and collaborate with work partners.

ALL YOUR EVIDENCE IN ONE PLACE

Aggregate and intelligently organize evidentiary content from a variety of different systems.

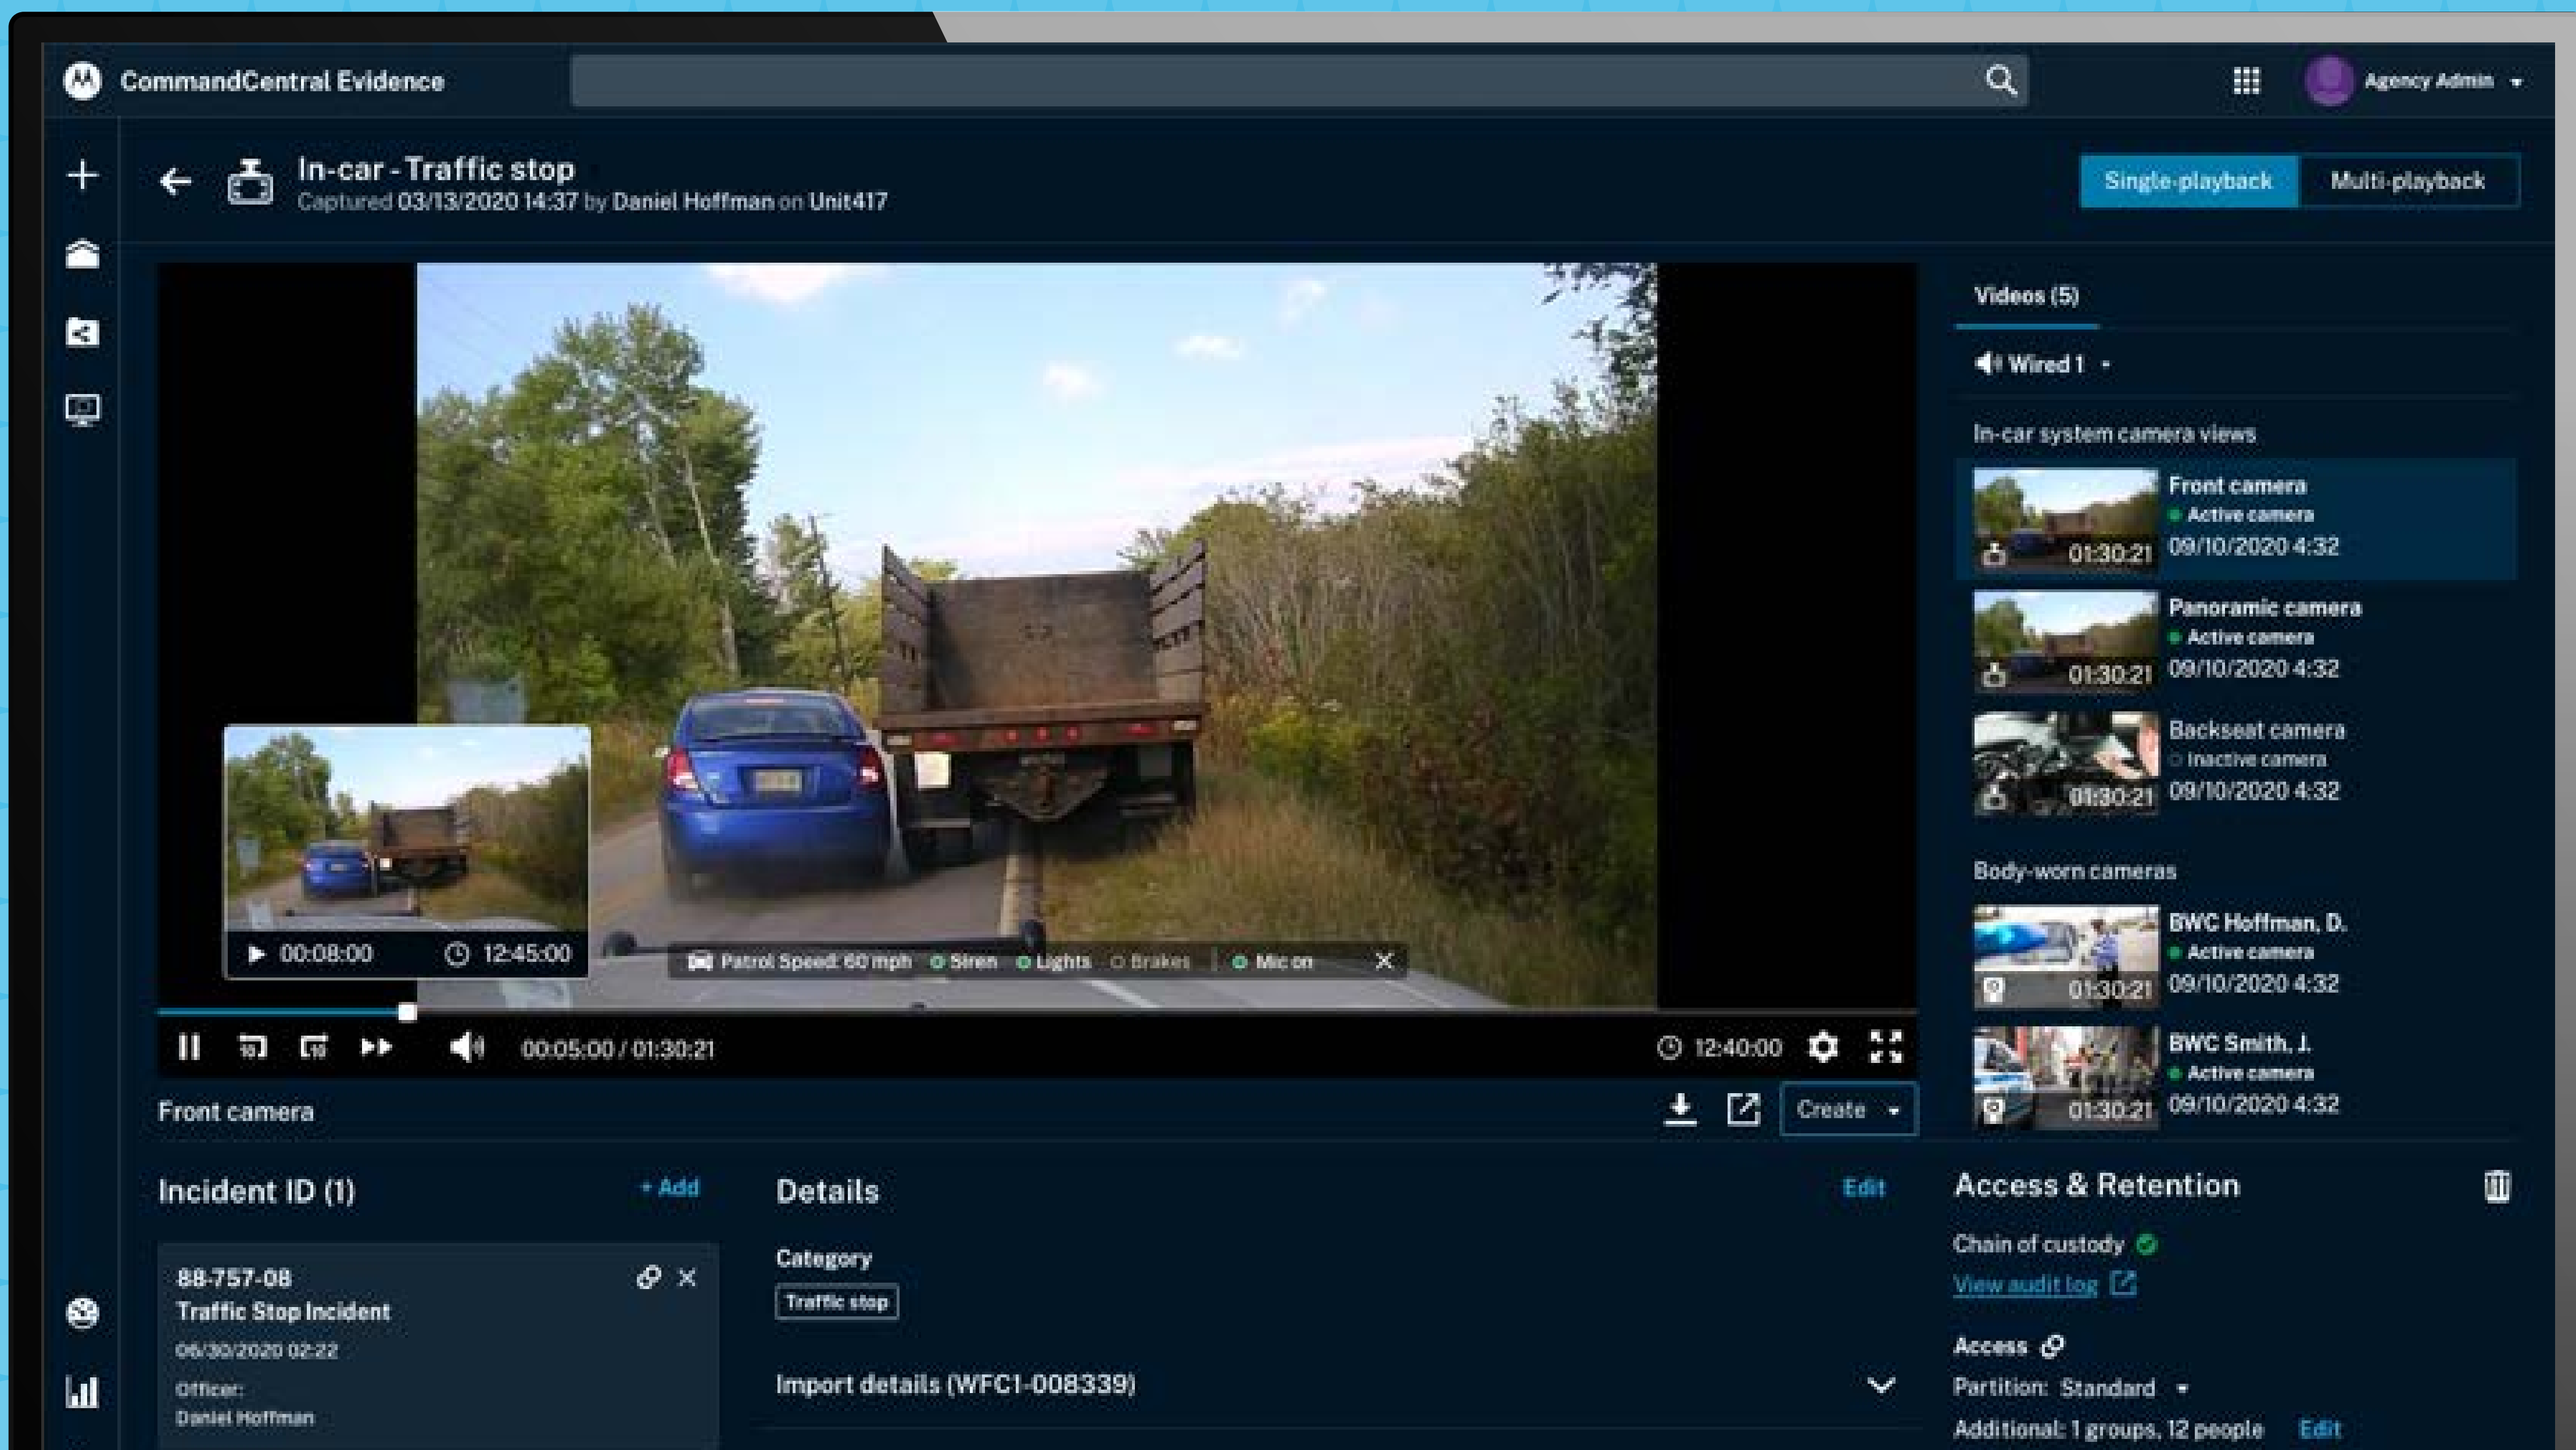

BUILD A STRONGER CASE

Easily tag, redact, transcribe and correlate media to build a more complete view of the case.

SECURELY SHARE INFORMATION

Quickly share and collaborate with other agencies, the community, and prosecutors.
