How to Log In

To log in to the Communities site, navigate to the Communities home page here: https://www.motorolasolutions.com/en_xu/communities/en.html . On the right-side of the page, select the green button LOG IN.

When the page reloads, in the first box enter your business email address that you registered with and in the second box enter your password, and then click the blue box Login.

A login form consisting of three elements. The top element is a white rectangular input field. The middle element is a white rectangular input field with the placeholder text 'Password'. The bottom element is a blue rectangular button with the text 'Login' in white.

When you have successfully logged in, you will be redirected to the Communities landing page and there you can select a blog to view.

How to Follow

To follow a blog, you must be a registered Community member and be signed in. From the Communities landing page, click on a blog title to explore a blog.

Think Public Safety

This community is for the emergency services - police, fire and rescue, emergency medical (ambulance) services - everyone who has a need for mission critical communications.

Think Transport

This community is a place where transport operators can come to find stories, ideas, ask questions and seek advice from leading Motorola Solutions experts.

Think Manufacturing

This community is a place where manufacturers can find stories, ideas, ask questions and seek advice from leading Motorola Solutions experts on building reliable communication networks that serve to boost productivity, efficiencies and worker safety.

Think Hospitality

This community is a place where hospitality workers can come to find stories, ideas, ask questions and seek advice from leading Motorola Solutions' experts.

Think Oil & Gas

This community is a hub of stories and ideas related to the need for superior, reliable and safe communication rollouts throughout oil and gas operations.

Think Solutions

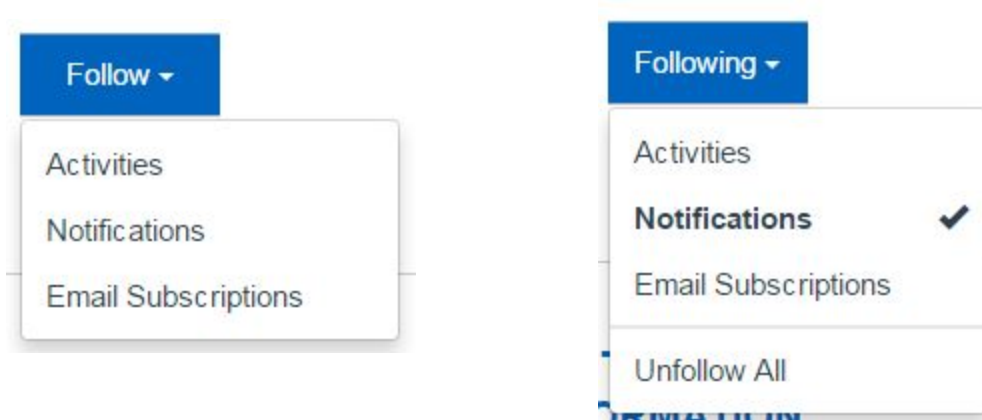

Think Solutions is a community where workers across many sectors can find stories and ask questions about specific products and solutions.

Think Aid Connect

This community is dedicated to discussing how smart technology can benefit and improve the humanitarian aid community.

From the blog landing page, click the blue button Follow and choose an option. After you select an option, the word Follow will change to Following.

- Notifications: New postings will appear in your Notifications feed.
- Email Subscriptions: New postings will be sent to the email address provided in your profile. Note: Email notifications need to be enabled under your Notification settings.

How to Comment

To comment on a blog posting, you must be a registered Community member and be signed in. From the Communities landing page, click on a blog title to explore a blog.
