

# PREMIUM FEATURES FOR **MOTOTRBO ION**

## IMPROVE COMMUNICATION EXPERIENCE WITH INCLUDED FEATURES

Meet the ever-changing needs of your business with the MOTOTRBO™ Ion smart radio from Motorola Solutions. This intelligent, integrated, business-critical device is easy to use and provides groundbreaking capabilities, giving you the flexibility to keep your business connected without the expense of traditional maintenance and upgrade costs. Plus, receive latest software updates, professional technical support, expert hardware repair and more, making it easier to work from anywhere, at any time.

Premium features that are normally sold a la carte are now included with the MOTOTRBO Ion. Be confident in the optimal performance of your smart radios and infrastructure, ensuring maximum productivity. These premium features improve radio audio and enable you to be safer, more efficient and productive. Different users in your organization have different work environments, needs and pain points when it comes to your business-critical communications. With access to all these features, you can have the relevant features you and your team need enabled to maximize your communications.

| SAFETY & SECURITY                      | SYSTEMS                         | CONNECTIVITY                                      | AUDIO                              | EFFICIENCY & PRODUCTIVITY                         |
