Security Intelligence for Utilities Facilities and Branches

Secure, Efficient Strategies for the Utilities Market

ExSite

The ExSite® Enhanced Explosion Proof camera line is purpose-built to monitor operations and control processes in hazardous locations with risks of explosion due to the presence of flammable liquids, gases or dust. Available in fixed, compact and PTZ with IR form factors, these rugged outdoor cameras meet stringent explosion proof and dust-ignition proof requirements while complying with international standards (UL, CSA, ATEX, IECEx, EACEx).

Sarix

Sarix Enhanced 3 cameras are designed to handle a broad range of lighting conditions while always delivering sharp footage. They also feature resolutions of up to 8MP and true WDR as well as ultralow light and image stabilization capabilities. And with frame rates of up to 120 FPS at 1080p, our customers will also have the ability to slow down scenes of interest and capture detailed images in applications like traffic and gaming.

VideoXpert

VideoXpert Professional provides a video management system platform that seamlessly bridges the gap between mid-market and enterprise platforms by providing a superior user interface and robust feature set that customers demand. Ideal for small to mid-size installations up to 100 cameras, VideoXpert Professional installation is seamless and simple. Uniquely designed with IT friendly windows and menus, users enjoy a familiar experience when using VideoXpert Professional.

Pelco Delivers Proven Security Solutions

ExSite Enhanced 1

PTZ & IR Illuminator Option

Explosion Proof Camera System: High Reliability, Full HD PTZ IP Systems with Variable Zoom IR Illuminator. Extremely Reliable Pan/Tilt Direct Drive Motion Control System
Upright or Inverted Installation with Automatic Orientation Detection
Low Latency Electronics for Improved Pan/Tilt Driveability and Safety
Vari-zoom IR Illuminator Option with 200 Meter Range

ExSite Enhanced 2

ExSite Enhanced 2 PTZ

Explosion Proof PTZ Camera System
Features: 2MP, 30x optical zoom, AISI 316L Stainless Steel Electro, Polished Construction
Construction: Hazardous Location
Certifications: IECEx, ATEX, INMETRO, EAC Ex, CCOE, UL/CUL, Marine Certification: Lloyd's Register, Full Suite of Pelco Smart Analytics, Multi-Stream H.264 and H.265 IP Video with Smart Compression

ExSite Enhanced 2 Fixed

Explosion Proof Fixed Camera System
Features: 2MP, 30x optical zoom, AISI 316L Stainless Steel Electro Polished, Construction
Construction: Hazardous Location
Certifications: IECEx, ATEX, INMETRO, EAC Ex, CCOE, UL/cUL, Marine Certification: Lloyd's Register, Full Suite of Pelco Smart Analytics, Multi-Stream H.264 and H.265 IP Video with Smart Compression

ExSite Enhanced 2 Compact

Explosion Proof Fixed Compact Camera System
Features: 6MP, AISI 316L Stainless Steel Electro Polished Construction
Construction: Hazardous Location
Certifications: IECEx, ATEX, INMETRO, EAC Ex, CCOE, UL/cUL, Marine Certification: Lloyd's Register
Full Suite of Pelco Smart Analytics, Multi-Stream H.264 and H.265 IP Video with Smart Compression

Pelco Delivers Proven Security Solutions

➤ Sarix Enhanced Series 2

Sarix Enhanced Series 2 Dome

SARIX IME II

Dome Camera Indoor | Outdoor

Ideal for the most difficult lighting conditions: bright and shaded areas, or intense light. Reliable and fault-tolerant for mission-critical applications.

Sarix Enhanced Series 2 Bullet

SARIX IBE II

Bullet Indoor | Outdoor IR

Sarix Enhanced bullets contain an integrated varifocal MPx autofocus lens (3 ~ 9 mm or 9 ~ 22 mm) with adaptive IR illumination for low-light scenes. Surface mounts make these models easy to install.

Sarix Enhanced Series 2 Box

SARIX IXE II

Box

Features SureVision 3.0 for the best possible image in scenes that contain bright areas, shaded areas, and intense light. The rugged design and superior reliability to overcome network glitches are ideal for mission critical applications. High 60 fps frame rates are suitable for casinos and city centers.

➤ Sarix Enhanced Series 3

Sarix Enhanced Series 3 Dome

SARIX IME 3

Mini-Dome Indoor | Mini-Dome Outdoor

The indoor domes feature microphones, and in addition to holding an IK10++ 50 J impact rating, all dome models also include 50M+ adaptive IR and RAL 9003 lighter color.

Sarix Enhanced Series 3 Bullet

SARIX IBE 3

Bullet Outdoor IR

The bullet models offer 50M+ adaptive IR with a rugged IK10 rating and outstanding ingress coverage.

Sarix Enhanced Series 3 Box

SARIX IXE 3

Box

The box models include P-Iris and i-CS lenses for remote zoom and more accurate focus control.

Pelco Delivers Proven Security Solutions

VideoXpert Provides an Enhanced Security Experience

Pelco's industry-leading VideoXpert® solution removes the complexity typically found in other video management systems. VideoXpert, is an intuitive, easy-to-use solution that enables security professionals to see the information needed to make fast, effective decisions that drive their business forward. VideoXpert can be optimized with Pelco hardware or seamlessly integrated with third-party cameras and systems. By leveraging the expertise of third-party providers for customizable functionality and maximum flexibility, VideoXpert enhances organizations' video security capabilities. Centralizing data from fixed video cameras, physical security systems, as well as business and building systems into one platform VideoXpert users can complete tasks quickly and their organizations can gain situational awareness, reducing their risk profile.
