HELPING CREATE THE NEXT GENERATION OF TECHNOLOGY AND ENGINEERING LEADERS

TECHNOLOGY AND ENGINEERING EDUCATION GRANTS

Motorola Solutions Foundation supports technology and engineering education programs because as a company of technology and engineering leaders, we believe it is critically important to support the next generation of innovators and changemakers.

GOALS

TO INCREASE STUDENTS’ SKILLS AND INTEREST IN TECHNOLOGY AND ENGINEERING, IMPROVE ENGAGEMENT IN STEM CAREERS AND PROVIDE PROFESSIONAL DEVELOPMENT SUPPORT TO TEACHERS ACROSS THE GLOBE.

Countries where we support technology & engineering education programs
Girls Who Code provides computer science education to 30,000 6th-12th grade girls nationwide; participants are then tasked to use computer science to impact their community with the support of successful peers and role models.

Penang Science Cluster educates over 3,000 students and 300 teachers from 75 schools on design thinking process, coding and electronics, and allows them to apply their learnings to develop a mobile application that solves a problem in a local school.

Motorola Solutions Foundation
The Motorola Solutions Foundation is the charitable arm of Motorola Solutions, which seeks to benefit the communities where it operates. The foundation achieves this by making strategic grants, forging strong community partnerships and fostering innovation.
