6th Edition, October 2018

Motorola 90th Anniversary

Motorola Solutions, who began life as a car radio company founded by Paul Galvin in 1928 has become the leading provider of mission-critical communications and video technology for public safety and commercial customers. The September 25th marked the companies 90th anniversary. Pronto is proud to be a member of the Motorola family.

At 21, Lee Paterson is the youngest Pronto Application Developer who has been recruited into the Glasgow office. He joined Norman Dixon and Gerry McDonald when they travelled to the Motorola Solutions Headquarters at Nova South in London to be part of the celebration day. The day centered around the innovation centre where Pronto was one of many mission critical Motorola Solutions products demonstrated to staff who attended the celebrations.

The Motorola Solutions' London Innovation Centre showcases a number our key solutions and capabilities, including Pronto, Command Central suite of applications, Video and Devices to demonstrate how new software and services are empowering public safety. The technologies at the innovation centre explore how data and intelligent solutions can empower public safety organisations to more effectively predict and respond to incidents.

New Look Pronto Press

This edition sees a new look to Pronto Press. As well as providing good news stories from our customers and Pronto Interest along with Twitter feeds, Pronto Press will also now provide an overview of planned customer delivery work in the next quarter. This will hopefully add to the information available to customer teams and potentially inform where each might wish to develop.

Whilst this plan is provided by the BA's at point of going to press, competing and changing requirements may make any plan subject to change. Pronto delivery is no different to this.

As with all things Pronto we would welcome feedback on this new approach.

	Sep-18	Oct-18	Nov-18
City of London Police	Updates to 'Crime' form to improve data quality, including: addition of better support for Force Control Room to create 'stub' incidents via Pronto (into Niche) for deployment to officers, streamlining Niche Enquiry log updates, starting additional workflows. User Forum

The Pronto User Forum, is being held on Tuesday 16th and Wednesday 17th October at the Crown Plaza, Congress Rd, Glasgow G3 8QT, with a buffet lunch being served from 12 noon. The forum will commence at 1 pm. It appears to be almost a full house this year with Craig Johnstone and his team looking forward to welcoming you to this important customer engagement event. A full agenda will be provided to all delegates shortly.

Macmillan Cancer Support

On Thursday 20th September, those in the Glasgow support cake (and lots of it!). This was raised money for Macmillan Cancer in relation to the World's Biggest Coffee Morning 2018 for Macmillan Cancer Support. It turned into a bake off, with several member of staff baking for 3 judges who had years of experience in eating cake. Whilst it was difficult, David Creigh was judged as the winner with Stephen Standaloft coming a close second. Congratulations to all the bakers and the eaters. A total of £134.33 was raised.

Twitter Quotes

[@LincsMobile](#) "Our next #Pronto release has arrived for testing, with new functionality!! Biometrics, giving the ability to identify persons from fingerprints if needed & Calling Card, a quick way to leave a note, provide details or a receipt.

[@HomcastleNPT](#) "@LincsMobile at its best this afternoon. Crime Report done with a repeat vulnerable victim whilst providing valuable victim #reassurance over a cuppa & cake. Victim Code Of Practice seamlessly done with the victim who appreciated the reassuring chat over a cuppa [@wass74](#)
