Understanding the Evolving Landscape of Public Safety and Social Care: The Motorola Solutions’ London Innovation Centre showcases a range of applications, Video and Devices to demonstrate how new software and services are empowering public safety. The technologies at the innovation centre explore how data and intelligent solutions can empower public safety organisations to more effectively predict and respond to incidents.

New Look Pronto Press
This edition sees a new look to Pronto Press. As well as providing good news stories from our customers and Pronto Interest along with Twitter feeds, this edition will also provide an overview of planned customer delivery work in the next quarter.

Congratulations to all the bakers and the eaters. A total of £134.33 was raised.

Biggest Coffee Morning 2018 for Macmillan Cancer Support. It turned into a bake off, with several members of staff baking for 3 judges who had years of experience in eating cake. Whilst it was difficult, David Creigh was judged as the winner with Stephen Standaloft coming a close second.

Pronto Press will also now provide an overview of planned customer delivery work in the next quarter. This will hopefully add to the information that we provide to our customers.

User Forum
The Motorola Solutions’ User Forum is an annual event set up by Motorola to bring together all of its customers. The forum is a platform for sharing ideas, experiences and best practices. It is an opportunity for customers to network and collaborate, and to provide feedback on Motorola’s products and services.

Motorola’s commitment to innovation and excellence in public safety technology is evident in the range of applications and devices showcased at the London Innovation Centre. The centre is a hub for collaboration and innovation, where Motorola works with its partners to develop solutions that meet the needs of public safety organizations.
