

August 9, 2019

To: Motorola Solutions Supplier

### **AWARENESS REQUIRED: Access to iSupplier Change - OKTA Access**

To align with our authentication strategy for enhanced security, beginning August 11 you will notice a different login experience for the iSupplier Portal.

#### **What you need to know and do**

Access to the iSupplier login page is changing to a two step process. You will be asked to enter your login ID as the first step and a new page will open to enter your password as the second step.

#### **Login Using OKTA**

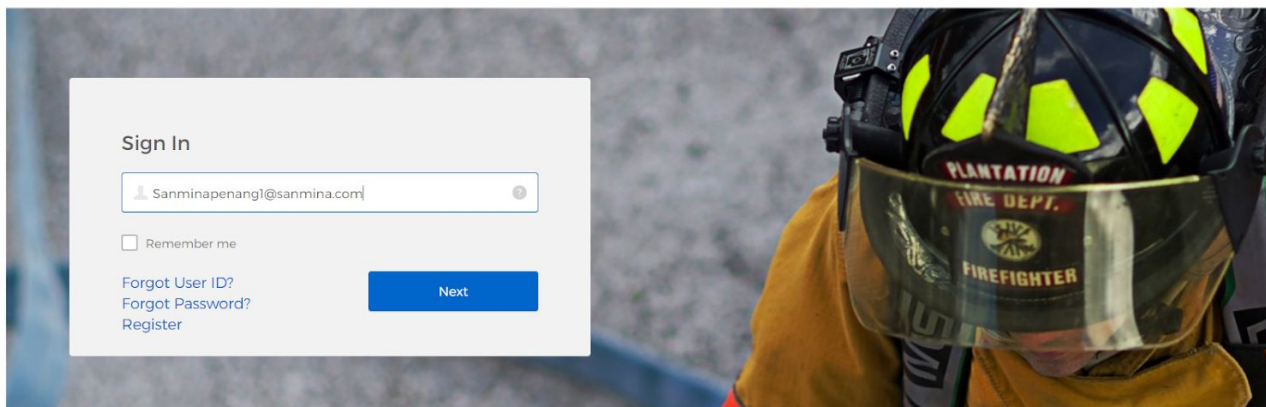

- Step 1: Enter your current iSupplier User ID at the iSupplier Portal login page
- Step 2: Enter your current Password on the next page
  - Your login/password will NOT change

Using OKTA to access will not change iSupplier functionality.

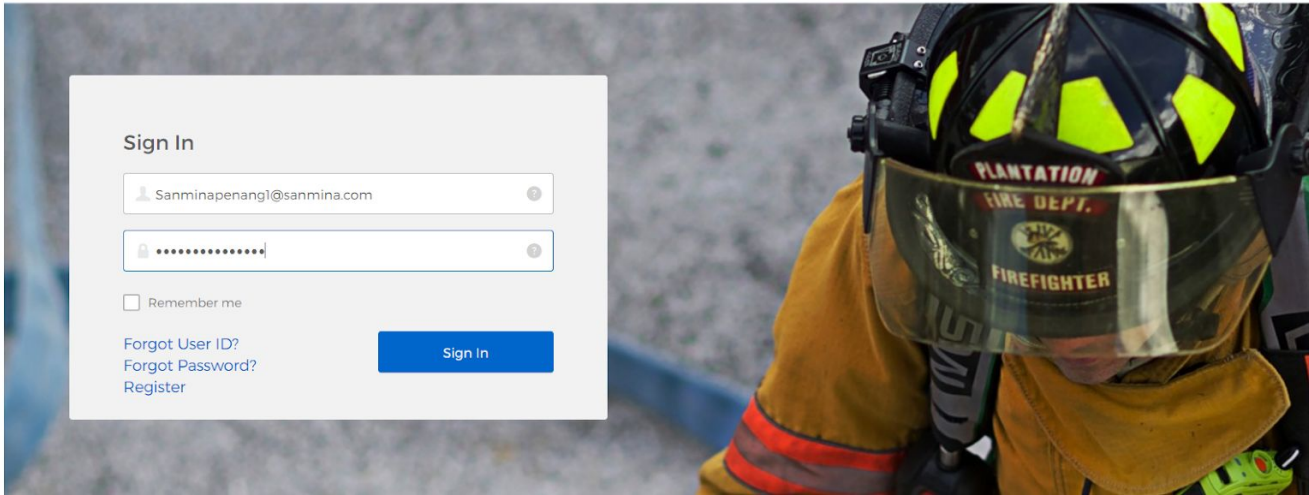

If you have any questions or issues with access, please contact [OKTA Support Help](#).

Welcome to our new, more secure login experience! You may notice changes to the login page, however your experience on the site will remain the same.
