JUST OUTCOMES CREATE STRONGER ALLIANCES

In the pursuit of justice, having complete, accurate and admissible information is critical. Without it, crucial details are missed, lies can be mistaken for truth and criminals can go free.

Our technology helps capture the objective truth, from more perspectives and with greater clarity. Information can be fully documented, automatically organized, and securely protected. Officers can record events as they unfold and provide a clear account of their actions if challenged. And prosecutors can present the accurate, lawful evidence that sees justice served. It's how to close cases faster and more consistently, so you can right more wrongs and strengthen your alliance with the public. Because when truth and justice prevail, communities thrive.

RECORD YOUR RESPONSE FROM THE START

LOG AND DOCUMENT EVERY DETAIL

Every incident detail available assists in building a complete view of an incident and a successful prosecution.

By expanding multimedia communication, automating audio transcription and making video a manageable part of your workload, our technology helps you record your responses from the start, so justice can be delivered.

INTEGRATED SOLUTION BENEFITS

SEE & SAVE A CALLER'S POV

Receive multimedia from callers and automatically save that critical evidence for investigators to evaluate after the incident is resolved.

REVIEW 9-1-1 CALLS VERBATIM

Automatically save and transcribe 9-1-1 call audio for reference and review by investigators as a part of an all-encompassing incident record.

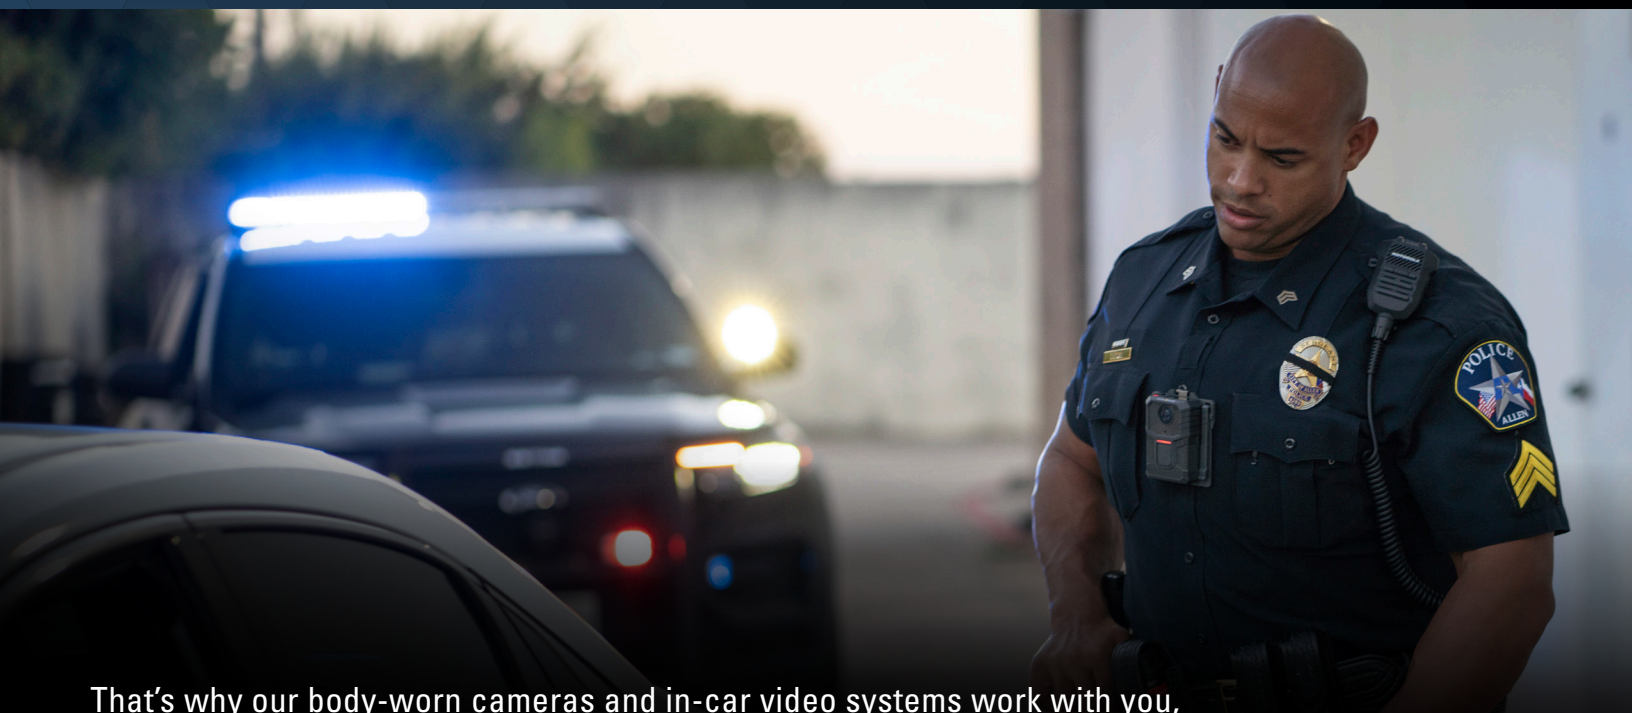

ANALYZE ALL INCIDENT ANGLES

With access to real-time fixed and in-car video streams, inform your response and snapshot or clip footage and save it to the incident record.

AUTOMATE EVIDENCE CAPTURE ON-SCENE

CAPTURE FACTS ON THE FRONT LINES

While accountability is necessary, if it distracts from your response, no one is better off. Instead, it needs to be an integrated part of your job.

That's why our body-worn cameras and in-car video systems work with you, automatically and intelligently activating so when your stress is already at its peak and lives are on the line, capturing evidence isn't adding to the burden.

INTEGRATED SOLUTION BENEFITS

TURN HOT HITS INTO EVIDENCE

Upon detecting a hot plate on a passing car, start collecting evidence as your in-car camera system automatically activates and records.

RESPOND & RECORD AS ONE

Simplify video evidence collection by automatically activating a network of body-worn and in-car cameras in close proximity.

KEEP FOCUSED AMIDST CHAOS

Capture critical moments with a body-worn camera that activates when it detects the emergency button or Man Down being triggered on your radio.

EFFECTIVELY MANAGE AND SHARE DATA

BUILD A MORE COMPLETE CASE

Data is a double edged sword. More of it can quickly become too much and hinder your ability to get cases processed, and evidence in the hands of prosecutors.

Only with a completely unified records and evidence experience can you ensure all relevant data is quickly gathered, organized and available to share with partners so that the right criminal justice outcomes can be achieved.

INTEGRATED SOLUTION BENEFITS

AUTOMATE DATA ORGANIZATION

Leverage intelligent correlation engines that identify and aggregate incident-related digital evidence into the right record for faster access.

CROWDSOURCE NEW INSIGHTS

Generate a link or QR code that can be shared for public image and video submission and that is automatically tied to case folders.

BOOST PROSECUTOR PARTNERSHIP

Enable easily controlled, responsible and flexible sharing of relevant case information that generates timely, accurate criminal justice outcomes.

THE MISSION-CRITICAL ECOSYSTEM

TECHNOLOGY TO SECURE TRUTH, SERVE JUSTICE

Achieving the right criminal justice outcomes is essential to successful law enforcement. Our integrated technologies and services, unified on a common platform, are designed to help you do this - together, as a community. With communications, software and video solutions, backed by over 90 years of research and development, our mission-critical ecosystem strengthens the bond between the police and the public, so justice can be achieved and the community can thrive.

By creating more access to the most accurate information and staying focused on what matters most, you and the public can form a stronger alliance. One based on a common purpose, powerful cooperation and mutual trust. So more crimes are prevented, more cases get solved, and more people are safe.
