Motorola Solutions is enhancing the MOTOTRBO platform with new service packages that include access to software updates, premium software features and extended hardware repair services. Your business’s security and technology needs are rapidly evolving, and we want to make sure you have a world-class experience each and every time you use your MOTOTRBO products.

The Value of Software Updates
MOTOTRBO, as all computing systems, is composed of hardware and software. The value of hardware is significant, but static. The value of software, on the other hand, keeps growing over time. Access the latest and greatest features and functionality available with each software release for added capabilities, security, and reliability. This increases the value of your investment with every update.

Access to Premium Software Features
Experience the power of the MOTOTRBO platform and go beyond voice with access to premium software features, previously sold a la carte. The features you need to increase productivity aren’t wishful thinking - they’re a smart reality. Enable the right premium software features for the right teams, so they can be safer and more efficient when it matters most.

The Value of Subscription Services
You enjoy the benefits of subscription services every day in your business and personal life. So why should your business-critical communications be any different? There are no surprises when it comes to paying for the product, software, or service. No uncertainty around how the cost will fit into your budget. This makes budgeting predictable, and you always know what is included and what to expect.

Motorola Solutions is enhancing the MOTOTRBO platform with new service packages that include access to software updates, premium software features and extended hardware repair services. Your business’s security and technology needs are rapidly evolving, and we want to make sure you have a world-class experience each and every time you use your MOTOTRBO products.

Your trusted Motorola Solutions dealer will work closely with you to help you understand the value of this new, exciting program. Please do not hesitate to reach out to your dealer with any questions.
