

# **ESSENTIAL SERVICES FOR ASTRO<sup>®</sup> 25 SYSTEMS**

## SUPPORT WHEN YOU NEED IT

When the unpredictable happens to your network, get access to technical support teams and resources for troubleshooting and maintenance with Essential Services. Choose from two levels of support.

### **ESSENTIAL**

#### **SUPPORT FOR YOUR TECHNICIANS WHEN NEEDED**

Get the help you need, anytime, with 24x7x365 access to Motorola Solutions system technologists to help troubleshoot and resolve network issues.

#### **MINIMIZE SERVICE DISRUPTION**

Our network hardware repair covers all Motorola Solutions-manufactured equipment and select third-party vendors. Factory-trained and certified technicians troubleshoot, analyze, test and repair your equipment at our centralized facility. You will experience expert, high-quality, reliable support for rapid turnaround. Timely and accurate diagnosis and repair assures that all equipment you send to us is returned to factory specifications.

#### **MITIGATE CYBERSECURITY THREATS**

To help you maintain operational integrity of your network and minimize cybersecurity risk, we provide the latest security updates pre-tested in our dedicated system test lab running the same software version as your network to ensure no service disruption. Once validated, you can download and install at your convenience.

### **ESSENTIAL PLUS**

#### **ADDED FIELD SERVICES TO MINIMIZE NETWORK DOWNTIME**

In addition to Essential Services, Essential Plus provides a higher level of support to help minimize unexpected downtime and quickly respond to network issues by engaging Motorola Solutions field services.

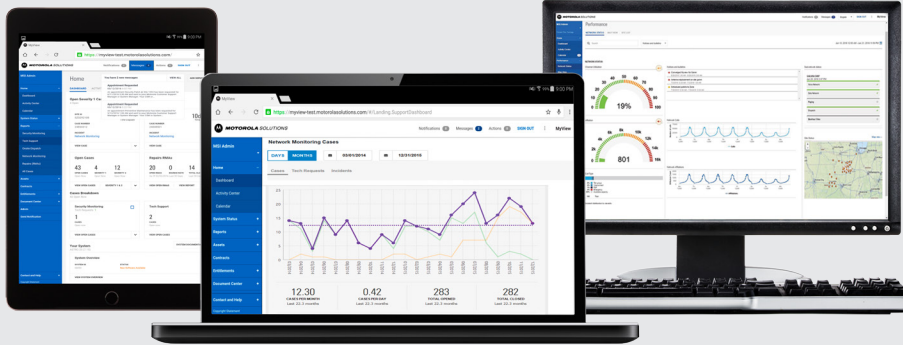

Whether your communications network needs routine maintenance or one of your towers has suffered a damaging lightning strike, you want a reliable service response and restoral process. With Essential Plus, you have access to our team of support professionals who know how to get the job done.

Your system response and restoration process begins immediately with one phone call. We will dispatch a local field technician to the affected site to help restore operations. Case management and escalation procedures are in place to ensure your contracted response times are met.

To help extend the useful life of your equipment, we will conduct annual preventive maintenance of your infrastructure to continually meet original manufacturer's specifications. Routine test and alignment helps improve efficiency and minimize total cost of ownership.
