In K-12 institutions across the country, educators, school officials, and parents are searching for comprehensive solutions to preserve student and staff safety.

UNIFIED COMMUNICATIONS ENHANCE SCHOOL SAFETY AND BOOST EFFICIENCY

EDUCATION SOLUTIONS

- **MOTOTRBO™ TWO-WAY RADIOS**: Collaborate instantly with your team – a single button press connects users on a reliable private network.

- **APX™ TWO-WAY RADIOS**: Connect Staff and First Responders in Extreme Emergencies – Public Safety users can connect to the school radio network to gather intelligence for critical situations.

- **WAVE™ PUSH-TO-TALK APPLICATION**: Collaborate instantly with your team – a single button press connects users on a reliable private network.

- **VIDEO SURVEILLANCE AND ACCESS CONTROL**: Avigilon’s video surveillance and access control solutions are powered by artificial intelligence, providing a complete set of security solutions that help you create a safe and secure environment and protect what is most valuable—your students, staff, and faculty.

- **SCHOOLSAFE™ NETWORK**: Connect Staff and First Responders in Extreme Emergencies – Public Safety users can connect to the school radio network to gather intelligence for critical situations.

- **ALLY**: Intuitive Incident Management Solution – SROs and Security teams can track and report incident statistics and trends using a simple, powerful management tool.

- **GPS FLEET TRACKING**: Manage and monitor school vehicles – track buses or other vehicles with onboard GPS on a map.

PROTECTING THE FUTURE
WHAT ARE YOU USING AS THE PRIMARY FORM OF COMMUNICATION TO REACH OTHERS WITHIN YOUR SCHOOL OR DISTRICT?
