DEFAULTING PACKING LIST & COO (Country of Origin) IN ASN CREATION

10-October-2017
• During ASN Creation, user may Populate the Packing List & COO (Country of Origin) and default it across all shipment lines. (Under Shipment Line Tab)

• System will prevent user from entering Shipment Header details if the Pack List & COO is not present in Shipment Lines.

• ASN Shipment Header will have the Packing Slip defaulted from the Shipment Line Packing Slip.
