

# WATCHGUARD CLOUD-SHARE

## SECURE, CLOUD-BASED FILE SHARING SOFTWARE

Distribute and share video evidence electronically in a cloud account, eliminating the need to produce and courier evidence files using DVDs or other portable media.

## KEY FEATURES

**INVITATION MADE EASY** – Invite a single recipient or a group to a shared file by email address, role or function.

**ONE-CLICK GROUP ACCESS** – Whitelist an entire email domain, allowing file sharing with anyone in the organization.

**TIME-SENSITIVE SHARING** – Assign an expiration date for sharing an individual file or use a default by evidence category.

**COMPLETE ACCESS CONTROL** – Require user authentication via an access code or provide an account login for access to more sensitive files.

**DETAILED CHAIN OF CUSTODY** – Audit trails are created instantly and updated each time a file is uploaded, shared, viewed or shared again.

**SIMPLE USER INTERFACE** – The intuitive interface works like an email outbox with To, Date Sent, Sent By, Expiration Date and File Name fields.

**QUICK-VIEW DASHBOARD** – Helpful dashboard shows the status of all active file shares by expiration period, downloads and plays.
