

VIDEO-AS-A-SERVICE

GET YOUR CAMERAS AND GET GOING

Our simple pay-as-you-go program helps you get everything needed for your body-worn and in-car camera video policing program without any upfront investment — from a robust camera system to advanced digital evidence management tools.

As the requirement for law enforcement video systems continues to grow, the obstacles to acquisition remain the same.

Raising funding and securing grants is difficult and time-consuming. Data storage and system maintenance costs are hard to predict. And video technology continues to mature, making a big investment potentially risky.

Motorola Solutions is overcoming these obstacles by delivering body-worn cameras, in-car video systems, digital evidence solutions and support services through Video-as-a-Service.

With no up-front investment required, you can deploy a new camera system and start using it immediately under a simple pay-as-you-go program. Everything you need is provided, including solutions to securely capture, collect, manage and share your evidence, as well as 24/7 support and no-fault warranty coverage.

NO NEED TO RAISE FUNDS

Simply get what you need with no up-front investment and pay as you go. Turn a large capital investment into a manageable operation expense.

BUDGET PREDICTABILITY

Plan with confidence. The camera system, software, video storage and maintenance are included at a price that stays the same each month.

ASSURED PERFORMANCE

Get five years of no-fault hardware warranty, advance hardware replacement and 24/7 phone support, for assured performance and a worry-free experience.

TECHNOLOGY REFRESH

Receive free body-worn cameras and batteries during the program to refresh your inventory, keeping you current with the latest technology.

KNOCK DOWN DIGITAL EVIDENCE DATA SILOS

As important as it is to have the right video policing solution in place, it's just as critical to have the digital evidence management tools to streamline the collection, capture, management and sharing of your data.

Capture Evidence on Scene

Capture video, images and audio on scene using an Android or iOS device with CommandCentral Capture.

Faster Collection from Citizens

Securely gather evidence via a case-specific, agency-generated link with CommandCentral Community.

Complete Control of your Video System

Easily configure cameras, provision users and search audit logs with WatchGuard EvidenceLibrary.com.

Streamline Evidence Management

View, redact, tag and audit evidence from a variety of sources with CommandCentral Vault.

Simplify Case Management

View and share all case related information from one, streamlined user interface with CommandCentral Records.
