

# USE CASE PROPPED DOOR / LOITERING

Safe Utilities

## Operational View

### DETECT

#### PROPPED DOOR ALERT

Alert sent to security about a door propped open in a restricted area outside of a highly secured site.

### ANALYZE

#### LOITERING ALERT

Security alerted to group of individuals loitering outside of the propped door entrance.

### COMMUNICATE

#### NOTIFICATIONS COMMUNICATED

After initial alerts, the image and location of the individuals are sent to field security teams to disperse the crowd and secure the door.

### RESPOND

#### CORRECTIVE ACTION TAKEN

Security deters the crowd and takes corrective action. An incident is logged including video feeds for evidence along with other relevant data allowing for further training and analysis.
