

USE CASE LOST ITEM

Safe Stadiums

Operational View

DETECT

ITEM LEFT AT SECURITY

A security checkpoint reports that a personal item has been left behind by a fan who entered the stadium.

ANALYZE

DETERMINE PERSON AND LOCATION

Stadium operations uses video feeds from the area to identify the individual who left the item and then uses appearance search to work through recorded video to determine their location.

COMMUNICATE

RESOURCES DISPATCHED

The individual's image and seat location is shared with security personnel who are dispatched to return the item.

RESPOND

ITEM RETURNED

The item is returned and the incident is securely logged with relevant data.
