

# RAPID, RELIABLE DEPLOYMENT, NATIONWIDE USE

**CARRIER-INDEPENDENT BROADBAND PTT**

## EXPLORE THE TLK SERIES

Combining the broad coverage of a nationwide mobile network with the ease of communications. Get your team connected fast.

Keep employees connected and accountable with crisp, clear audio, location tracking and Wi-Fi. Maximize efficiency with single-button operations and long battery life. Improve focus without a large distracting screen to get in the way.

Forget building out or maintaining a costly radio infrastructure. Get your team up and running quickly by deploying nationwide\* push-to-talk without the need for costly or time-consuming connectivity infrastructure licensing, or manual programming. You can even use the TLK Series radios with your current compatible LMR radio systems and smartphones.

As an affordable monthly investment, you can scale your service to match your business needs And you can reduce or stop your service easily, at any time.

**Easy to use and manage**

**Nationwide\* push-to-talk**

**Built for the job**

## FEATURES AND BENEFITS

### EASY TO USE AND MANAGE

Communicate instantly and manage talkgroups and subscriptions in real time. Maximize coverage, connections, and productivity without expanding infrastructure. Say goodbye to radio programming cables. Update an entire fleet over the air, without having to touch a single device.

#### **Grows with your business**

Easily add or remove subscriptions. No customer service required. With self-service billing, you can scale subscriptions based on your workload.

#### **Communicate across platforms**

Boost collaboration no matter what device the team is using. Whether it's front office workers talking to the construction site, or the warehouse coordinating the drop-off with the delivery driver, the WAVE PTX app enables instant communication between smartphones and devices across carriers.

#### **Radio integration capabilities**

Connect to MOTOTRBO and DIMETRA Express systems you already own and expand the reach of your trunked systems to a nationwide network\* for maximum ROI.

#### **One button, multiple teams**

Collaborate at the speed of business with push-to-talk. Contact multiple teams simultaneously, and securely communicate with just one button.

### NATIONWIDE\* PUSH-TO-TALK

Get the best of both worlds by using radio communication on a nationwide network\*.

#### **Nationwide\* push-to-talk**

Communicate instantly with team members across the country at the push of a button. Bridge multiple job sites, facilities and operations without needing to set up or maintain a complicated infrastructure.

### BUILT FOR THE JOB

Get all the benefits of WAVE PTX with a rugged radio. Purpose built for business, everything about the TLK Series radios are smart and intentional.

#### **Built tough**

Never worry about rain, dust, extreme temperatures or even the occasional drop. These radios are designed to perform in harsh working environments.

#### **Location tracking**

Easily manage your workforce using GPS to maximize safety, check project status, find faster routes, modify tasks, and position team members where they're needed most.

#### **Wi-Fi connectivity**

Stay in touch inside industrial buildings and other environments where cellular coverage may be limited by sending and receiving push-to-talk calls over compatible Wi-Fi networks.

#### **Private and group push-to-talk**

Flexible call options let you communicate between groups or one on one conversation.

#### **Emergency calling and alerts**

Enhance worker safety by quickly connecting those in danger with the designated individual or group who can provide assistance.

\*Coverage will vary. See user guide for details.

## TLK SERIES RADIOS

### TLK 100 RADIO

#### Powerful and slim design

Move seamlessly from the field to the office with a streamlined device that supports one-handed use. Hear conversations clearly in noisy environments with loud and clear audio.

#### SL2600 accessory-compatible

Leverage your prior investment by using earpieces, headsets, batteries, charging stations and other accessories with the TLK 100 radio.

#### Long battery life

Have power when you need it most. With a battery that is designed to last 18 hours, you can focus on the project instead of worrying about recharging.

#### Screenless design

Maximize productivity by minimizing the distractions of email, text and other apps—while empowering your team to focus on the job at hand.

### TLK 150 MOBILE RADIO

#### Operate safely in vehicles

Use the one button PTT microphone or take advantage a variety of hands free accessories to operate safely on the road and stay within regulations for driver distraction.

#### High quality audio

Hear conversations clearly while on the road, no matter if communication is held through the compact microphone, visor microphone, or external speaker.

#### Compact design

Small enough to mount over, in, or under the dashboard.
